

Beyond the Classroom Kentucky State Parks Eagle Cruises For School Groups

Friday January 29, 2016

Studies have exposed the benefit of spending time outdoors. Getting kids outside boosts confidence, promotes creativity, and reduces stress. Let's get them outside! Special school group cruises departing from Kenlake State Park Marina aboard the *CQ Princess* allow observation thru windows while you are inside, comfortable and warm, or outdoor viewing from the bow and stern.

Staff will be on board helping spot eagles and sharing fascinating information about eagles and other animals/birds that may be seen.

For details and scheduling, contact Lisa Deavers at 502-564-4940, ext. 246 or lisa.deavers@ky.gov.

Restrooms and binoculars available on-board.
